Called Out Ones of יהוה יהוה in North Georgia

Yahuchanan 14:6 Yahuchanan 11:25 Yahuchanan 15:1, 5, 8-10

Yahuchanan 10:9-10 1 Yahuchanan 1

There is 1 Torah for the Native-born as well as for those who have been grafted in. There is only one Right-Ruling for all Native-born and grafted in believers in YAHUAH. We should Love All People Who Follow YAHUAH. Shemot 12:48-49; 22:21 (Exodus); Vayiqra 19:33-34; 24:22 (Leviticus); Devariym 23:7-8 (Deuteronomy), Vayiqra 23:1, 4 (Leviticus)

We recommend that you read the prayer of Avraham daily during your personal devotions: My ELOHIYM, EL ELYON, you alone are my ELOHIYM, and you and your dominion have I chosen. And you have created all things, and all things that are the work of your hands. Deliver me from the hands of evil ruachot who have dominion over the thoughts of men's hearts, and let them not lead me astray from you, my ELOHIYM. And establish me and my seed forever that we go not astray from henceforth and forevermore. Yovheliym 12:19-20

This document was created to provide the needed hardcore proof and evidence that answers the question do believers in the resurrected Mashiach still need to KEEP the Moedim, The Appointed Times or Feasts Of YAHUAH .i.e. High Sabbaths, True Scriptural Holidays or Reject them for the Beast's Pagan Holidays which do NOT appear in The Scriptures.

Read this whole document through, look the verses up in your Ceper, Scriptures, Bible and then follow in the footsteps of the True Mashiach himself along with post resurrection believers and the saved future worshippers of the earth made new. Yes we are saved through belief in YAHUSHA HaMashiach and Him alone is salvation obtained; yet as a result of our Sanctification and Love for Him we then in turn will walk as He walked and in obedience we will keep His commands; All Ten of them along with His Bonus Days of Rest which are "The Feasts of YAHUAH". These are laws forever in this age of man which were never done away with.

Noach and all those who were saved and obedient to YAHUAH kept [Shavu'ot](#). It was not a Yahudi thing, or a denominational thing of a certain people that kept it; no it was a people who were chosen and saved who kept it unlike the so-called saved masses of today who claim that The Feast of YAHUAH, The High Sabbaths were done away with. Heaven itself kept [Shavu'ot](#) then and still does to this day. Our Mashiach YAHUSHA never did away with The Father's Feast Days i.e. High Sabbaths at his birth, death or resurrection. There is post resurrection scriptural proof that the Taught Ones and Sha'ul kept to the Feasts of YAHUAH after Mashiach arose. We are not to submit ourselves to those outside the body of Mashiach, i.e. outsiders and unbelievers, allowing them to give us their judgments and opinions on our eating, drinking, feasts, New Moons or Shabbats. This right belongs to the body only and these are mere shadows of what is to come. Keep in mind that The Feasts of YAHUAH were celebrated by Mashiach and his Followers. [Yovheliym 1:1-5; 6:15-38](#) (Jubilees)

"Think not that I am come to destroy the Torah, or the prophets: I am not come to destroy, but to fulfil. For verily I say unto to you, Till heaven and earth pass, one Yod or one tittle shall in no wise pass from the Torah, till all be fulfilled. [Besorah Mattithyahu 5:17, 18](#) (Matthew)

"And it is easier for heaven and earth to pass, than one tittle of the Torah to fail. [Besorah Lucas 16:17](#) (Luke)

The "Torah" referred to here is not only the Ten Commandments, but any other law that has not been totally done away with. Examples would include laws forbidding bestiality (sexual relations with animals), relations with relatives, tattoos, dietary laws, etc.

Among those laws that have not been totally fulfilled are the annual "Feasts of YAHUAH" these were commanded as "Laws Forever". [Vayiqra 23:21, 31, 41](#) (Leviticus)

- Noach and all mankind who were saved that came forth from his loins kept Shavu'ot. Avraham kept it and Heaven itself also celebrated it then and still does now because it is part of the promise which YAHUAH gave man in the Rainbow. [Yovheliym 1:1-5; 6:15-38](#) (Jubilees).

- The Taught Ones were observing **Shavu'ot**, i.e. **Pentecost** in **Ma'aseh 2:1-4** (Acts) when the RUACH HAQODESH fell upon them.
- One place in Scripture it mentions that Sha'ul would remain in Ephesus until the **Feast of Shavu'ot** as mentioned in **Cepher Qorintiym Ri'shon 16:8** (1 Corinthians).
- Another place in the Scriptures it mentions that Sha'ul wanted to sail past Ephesus as he was hurrying to be at Yerushalayim on the **Feast of Shavu'ot** as mentioned in **Ma'aseh 20:16** (Acts).
- Sha'ul was hurrying to Yerushalayim for the **Feast of Shavu'ot** in order to worship as we are called to do, and not to witness to the Yahudiym as many say in **Ma'aseh 24:11-12** (Acts).
- Sha'ul and one who was with him did not sail away from Philippi going to Troas Until After the **Days of the Feast of Matstsah**, as mentioned in **Ma'aseh 20:6** (Acts).
- Sha'ul did not open his mouth to advise the centurion and men of the ship until after the **Fast of Yom Kippuriym**. **Ma'aseh 27:9-11** (Acts).
- Sha'ul outright tells us to keep the **Feast of Matstsah** mentioned in **Cepher Qorintiym Ri'shon 5:6-8** (I Corinthians).
- Sha'ul told those who asked him to stay with them a little longer, no, because he had to by all means keep the **Feast of Shavu'ot** in Yerushalayim. **Ma'aseh 18:20-21; 20:16** (Acts).
- Sha'ul tells us to: Let no man therefore judge you in meat, or in drink, or in respect of a **Feast Day**, or of the **New Moon** or the **Shabbat**: Which are a shadow things to come for the Body of the MASHIACH. **Cepher Qolasiym 2:16-17** (Colossians).
- The Father lets us know through his prophets Yeshayahu (Isaiah) and Zakaryahu (Zechariah) that as for the renewed heavens and the renewed earth, which I will make, ALL FLESH shall come to worship before me from **New Moon to his New Moon**, from **Shabbat to his Shabbat**, from year to year and observe the **Feast of Cukkot**. **Yeshayahu 66:22-23** (Isaiah); **Zakaryahu 14:16-19** (Zechariah).

My little children, these things write I unto you, that ye sin not. And if any man sin, we have an advocate with the Father, YAHUSHA HAMASHIACH the righteous: And he is the propitiation for our sins: and not for ours only, but also for the sins of the whole world. And hereby we do know that we know him, if we guard his commandments. He that says, I know him, and guards not his commandments, is a liar, and the Truth is not in him. But whoso guards his word, in him verily is the love of YAHUAH perfected: hereby know we that we are in him. He that says he abides in him ought himself also so to walk, even as he walked. **Cepher Yahuchanan Ri'shon 2:1-6** (1st John)

DETERMINE THE SCRIPTURAL CALENDAR BY THE SEASON(S)

- A) Determine what day and month the projected 1st day of Spring / Warming of the earths by direct sunlight at the equator, is expected to be on in 2018.
- B) Then, find the New Moon/Dark Moon that happened shortly before, right after or On the First Day of Spring and that New Moon/Dark Moon Marks the New Year for All Yisra'el as the Beginning of Months for you or Head of the Year. During the New Moon ABIB month period you SHOULD see Trees with green, flowers, green plants and fruit on trees. The plague of locust and of hail happened BEFORE YAHUAH told Moshe it was the 1st Month of ABIB. The hail struck the barely and the flax which were in the head and locust eat every green plant of the land that the hail had left which included, "every plant of the land and all the fruit of the trees which the hail had left, and no greenness was left on the trees or on the plants of the field, in all the land of Mitsrayim." When the month of ABIB arrives yes the Barely needs to be green but also as evidenced in the Scriptures trees already had fruit on them, trees already had greenness as well as the plants too. **Shemoth 9:23-32; 10:12-15; 12:1-20**
- C) Now that we have the exact date of the Head of The Year Per the 1st New Moon/Dark Moon, we then can determine the other Month numbers and Appointed Times of YAHUAH based off counting the other remaining 11 New Moons/Dark Moons.
- D) You can with great certainty know when the first day of Spring will be and or shortly thereafter because it happens on the Vernal Equinox (V.E.) i.e. Spring Equinox. This is a Time when the sun follows the equator, which causes the day and night to be both equal time in length in all parts of the earth. The season of Spring has been shown to NOT take place until after the Spring Equinox / Vernal Equinox (V.E.) has taken place which marks the beginning of the Spring season in the Northern Hemisphere. The official date for the 1st day of Spring varies depending on the country's climate but knowing the date that the Spring Equinox will occur is the Key Marker that tells us Spring is here.

In 2018, the day and month that the 1st day of Spring; the Spring Equinox i.e. Vernal Equinox (V.E.) is scientifically proven to have occurred or will occur is March 20th.

- A) March Equinox: March 20, 2018, "4:15pm UTC/GMT" "12:15PM EDT(spring/summer)"
<http://www.timeanddate.com/calendar/march-equinox.html>
<http://www.timeanddate.com/calendar/spring-equinox.html>
"Coordinated Universal Time" (abbreviated **UTC**), which is the basis for the worldwide system of civil time. "Universal Time" (abbreviated **UT**) which is sometimes referred to, now colloquially, as "Greenwich Mean Time" (abbreviated **GMT**). The two terms are often used loosely to refer to time kept on the Greenwich meridian (longitude zero).
- B) Spring Equinox – Vernal Equinox
<http://www.timeanddate.com/calendar/spring-equinox.html>
- C) Seasons Calculator – U.S.A. years 2000–2049
<http://www.timeanddate.com/calendar/seasons.html>

Now all we need to do is find the New Moon/Dark Moon that happened shortly before, right after or On the First Day of Spring, i.e. March 20th 2018, the Spring Equinox i.e. the Vernal Equinox (V.E.), earth's warming by direct sunlight at the equator. The New Dark Moon that occurs On or shortly Right After the First Day of Spring Marks the New Year for All Yisra'el, Beginning of Months for you, Head of the Year.

<http://www.timeanddate.com/calendar/moonphases.html?year=2018&n=0>

B) How to convert UTC/GMT to EDT:

To obtain U.S. civil time from UTC/GMT, use the table below; EDT(spring/summer) and EST(autumn/winter). Remember to use DT for Spring months because YAHUAH's Scriptural Calendar starts in the Spring.

To obtain:

Atlantic standard time (AST) subtract 4 hours from UTC

Eastern daylight time (EDT) subtract 4 hours from UTC

Eastern standard time (EST) subtract 5 hours from UTC

Central daylight time (CDT) subtract 5 hours from UTC

Central standard time (CST) subtract 6 hours from UTC

Mountain daylight time (MDT) subtract 6 hours from UTC

Mountain standard time (MST) subtract 7 hours from UTC

Pacific daylight time (PDT) subtract 7 hours from UTC

Pacific standard time (PST) subtract 8 hours from UTC

Alaska daylight time (AKDT) subtract 8 hours from UTC

Alaska standard time (AKST) subtract 9 hours from UTC

Hawaii-Aleutian daylight time (HDT) subtract 9 hours from UTC

Hawaii-Aleutian standard time (HST) subtract 10 hours from UTC

Finally we can see that on April 7th 2016 at 11:24am UTC/GMT .i.e. 07:23am/07:24am EDT (Eastern Daylight Time), is the 1st New Moon/Dark Moon that happens On or Shortly After the Spring Equinox i.e. the Vernal Equinox (V.E.). This is the Head of The Year, Scriptural New Year for all Yisra'el.

What Scriptural Month Is The 1st Of The Year (Head Of The Year) unto All Yisrael?

Shemot 12:2 (Exodus) = beginning of months for you, 1st month of the year.

Shemot 13:1-4 (Exodus) = they left Mitsrayim in the 1st month of Aviyv.

Vayiqra 23:4-5 (Leviticus) = the Passover of YAHUAH is in the 1st month as a clue.

Bemidbar 28:16 (Numbers) = 1st month of the year.

Bemidbar 33:3 (Numbers) = left Mitsrayim in the 1st month of the year.

Devariym 16:1 (Deuteronomy) = the month of Aviyv is the 1st month of the year which YAHUAH says to perform Passover.

What does Aviyv mean?

Aviyv in Hebrew, is from an unused root meaning “to be tender, green, i.e. a young ear of grain”; hence the name of the month Aviyv – Aviyv, ear, green ears of corn” (Strong’s Exhaustive Concordance, #24). The Gesenius Hebrew-English Lexicon defines the term, “an ear of corn, a green ear.” This term is found first in the Scriptures in Shemot 9:31, “the barley was in the ear.” Therefore the month of Aviyv is defined by its very name as the month of the first “green ears” or newly developed grain. The grain crop in Yisrael and the Middle East at the spring of the year is the

BARLEY CROP, as seen in Shemot 9:31. Therefore, the first month of the year must conform to the greening, ripening of the heads of BARLEY in the fields in Yisrael and around Yerushalayim.

PECACH (Passover)

14th ABIB – March 30th 2018 Friday

At Evening This is A TIME OF REST starting just before complete Sunset running on into 1st Matstsah.

Sunset will occur at 7:54pm EDT [<https://www.timeanddate.com/sun/@7317832?month=3&year=2018>]

Why do we celebrate Passover?

The Father YAHUAH tells us that we need to guard HIS Pecach between us and our children as a Law forever. He tells us that we need to tell our children what this means and it is a reminder of how YAHUAH smote the Mitsrites when our forefathers were slaves in Mitsrayim and delivered them. Pecach is a reminder of what Abba YAHUAH did for Yisra'el which was to break the yoke of 400 years of bondage and slavery. [Shemot 12:24, 26-28](#) (Exodus).

When actually is PASSOVER/PECACH, is it the 14th day during the day time, maybe just during that night, or all day the 15th too?

On the 14th day of the month at the going down of the sun is the Passover to YAHUAH, slaughter the lamb during the night of the 14th, at the going down of the sun at the end of the 14th's day time light period, eat it at that time, don't let any remain because in the morning all Yisra'el were told to go back to their tents being that it was now at that time on the 15th day which is was actually the next feast all day. In the evening on the 14th day at the going down of the sun that time period alone is and was the Passover and not the next full day. On the 15th day Yisra'el went out of Mitsrayim which the Scriptures call's the Morrow of the Passover i.e. that next day in the morning. [Vayiqra 23:4-6](#) (Leviticus); [Devariym 16:5-8](#) (Deuteronomy); [Shemot 12:6, 10, 22, 29-31; 34:25](#) (Exodus); [Bemidbar 33:3; 28:16-17](#) (Numbers)

Our Lamb, Renewing the Covenant, Doing This in Remembrance of Him, Proclaiming His Death till He Comes

The Mashiach and his taught ones ate the Pecach on 13 Aviyyv after sunset, then in the garden, was roughed up overnight at which time the cock crowed 3 times announcing the sunrise of that next day the 14th, Mashiach died on 14 Aviyyv during the day, they then took His body off the stake that same day itself to avoid having his body on the stake on the next day 15 Aviyyv which was the Feast of Matstsah, a High Shabbat.

This is A DAY OF REST.

Sunset will occur at 7:55pm EDT [<https://www.timeanddate.com/sun/@7317832?month=3&year=2018>]

Please Note: Since this is a Weekly Shabbat and a Moedim too, the Weekly Shabbat is of greater Authority according to the book of Yovheliym Chapters 2 and 50, so we will still feast like a normal weekly Shabbat and also eat unleavened bread too and make sure that in our feasting we do not eat anything leavened.

Why do we celebrate The Feast of Matsсах, The Feast of Unleavened Bread?

Shemot 13:8-10, 3-8 (Exodus)

What month is the Feast of Matsсах in?

Shemot 23:15; 34:18 (Exodus) - **in the month of Aviyv when all Yisra'el came out of Mitsrayim.**

June 13th 2018 Wednesday at 3:43pm EDT / 7:43pm UTC

FYI – The Scriptures does not list or mention a name for this New Moon.

5th New Moon/Dark Moon

July 13th 2018 Friday

FYI – The Scriptures does not list or mention a name for this New Moon.

Note:

Remember there is a 4 hour difference between EDT to UTC. The dark moon actually starts on July 12th 10:47pm-10:48pm EDT / 2:47am-2:48am UTC (July 13th 2018) and is dark during the rest of the night and all day Friday July 13th during the day and also all Friday night too. We will observe the 4th New Dark Moon as July 13th 2018. The 4th New Moon is not until late Thursday night like 1 hour 13 minutes before midnight so good luck in blowing the Shofar that late at night without having someone reporting you for disturbing the peace... Umm no thank you, we will mildly sound the Shofar inside at that time and then on Friday morning at a reasonable hour sound it freely outside.

6th New Moon/Dark Moon - ELUL

1st Elul – August 11th 2018 SHABBAT at 5:57am-5:58am EDT / 9:57am-9:58am UTC

FYI – The Scriptures mentions this month in; Ezra v'Nechemyah 6:15

7th New Moon/Dark Moon - EYTHANIYM

YOM TERU'AH – Memorial of Blowing of Shofars

1st EYTHANIYM – September 10th 2018 Monday

This is A DAY OF REST.

Sunset will occur at 7:49pm EDT [<https://www.timeanddate.com/sun/@7317832?month=9&year=2018>]

FYI – The Scriptures mentions this month in; Melekiym Ri'shon 8:2

Note:

On September 9th 2018 Sunday at 2:01pm EDT / 6:01pm UTC is when the Moon actually goes dark, but since that is during the day time you would never know this because it is not at night to see if the moon is visible or not. On Sunday September 9th we would not know that the moon has went dark until that night, at which time we would know, the moon is dark, a new month has begun, then that next day time period September 10th would be kept Kodesh. We will therefore observe September 10th Monday as the 1st of Eythahnium.

8th New Moon/Dark Moon - BUL

1st Bul – October 9th 2018 Thursday

FYI – The Scriptures mentions this month in; Melekiym Ri'shon 6:38

Note:

Remember there is a 4 hour difference between EDT to UTC. The dark moon actually starts on October 8th 11:46pm-11:47pm EDT / 3:46am-3:47am UTC (October 9th 2018) and is dark during the rest of the night Monday

and all day Tuesday October 9th during the day and also all Tuesday night too. We will observe the 8th New Dark Moon as October 9th 2018. The 8th New Moon is not until late Monday night like 13-14 minutes before midnight so good luck in blowing the Shofar that late at night without having someone reporting you for disturbing the peace... Umm no thank you, we will mildly sound the Shofar inside at that time and then on Tuesday morning at a reasonable hour sound it freely outside.
